

## Fun Ways to Inspire Donations!

- **Hot Dog Lunch**

You could have a hot dog lunch after church with profits going toward your team goal. A pancake supper is always fun and easy to do. Perhaps your team members could bring their own electric skillets and pancake recipes and see who could sell the most pancakes. With the weather finally cooling down, it's a perfect time for chili!

- **Sell Footprints**

Another easy way to get more donations and bring awareness to CROP Walk is to sell the footprints that were included in your recruiter's booklet. Just make copies, cut them out and ask those who make a donation to write their name on them and tape them along a hallway or even on the floor to show support for CROP Walk. Here's a short video to get you started! <http://www.youtube.com/watch?v=pgYGFCWWtwE&feature=relmfu>

- **Senior Rock-a-thon**

You can get your seniors involved by having a Rock-a-thon. Set up several rocking chairs for people to rock in during a church dinner or other function and encourage donations for their efforts.

- **Hold a Church Dinner**

Church dinners are a great time to recruit team members and promote CROP Hunger Walk. Use CROP Walk placemats and table tents. Just print them out and you're ready to decorate your tables. You can even add a donation jar at each table to get spare change, which can go toward your team goal. Or each team member could "host" a table and talk about what CROP Walk means to them as you eat dinner, then encourage your table to contribute to your donation jar.

- **Letter to Family & Friends**

Write a letter to family and friends telling them why you're walking in the CROP Hunger Walk and enclose a self-addressed envelope so they can easily send their contribution to you. Remind them to make checks out to CWS/CROP.

- **Set up Your Team Online Donation Page**

I hope that by now you've set up your team online donation page at [www.cropwalkonline.org](http://www.cropwalkonline.org) and reminded your team members to set up their page, also. It's easy to set up and then just email friends and family so they can make secure, online donations.

- **Set up Computer Access**

Does your church or group have wireless Internet? If so, you can set up two computers, one to get people to sign up and to create their individual page, and the other to ask people to make an online donation to a team member.
